EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, replace the first sentence with --This is a divisional of Application No. 09/725,842 filed November 30, 2000, now U. S. Patent No. 6,751,349, the disclosure of which is incorporated herein by reference.--.

2. The following is an examiner's statement of reasons for allowance: Independent claim ~~22~~ recites "an image processing system for carrying out image processing on an image recorded on a color photographic photosensitive material which has at least three types of photographic photosensitive layers containing blue-light-photosensitive, green-light-photosensitive, and red-light-photosensitive silver halide emulsions on a light transmissible supporting member, and which is processed such that a silver image is generated in the photographic photosensitive layers after exposure of an image, said image processing system comprising: a light source for irradiating light to a front side and a back side of the color photographic photosensitive material; a reading sensor for reading image information by light reflected from the front side and the back side of the color photographic photosensitive material, and light transmitted through the color photographic photosensitive material; reading means for reading a DX code which is recorded on the photosensitive material; and means for image processing the image information based on

Art Unit: 2621

image processing conditions which are set in advance and correspond to the DX code.” Claims 23-26 require similar features. None of the prior art whether taken singly or in combination discloses such claimed features.

Truc et al are cited for disclosing a film scanner. However, Truc et al fail to disclose the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phuoc Tran whose telephone number is (571) 272-7399. The examiner can normally be reached on MON-FRI.
